CS60-DEMO-LIZENZ
CS60 DEMO LICENSE

- The free CS60 DEMO LICENSE is used to unlock the nVision-i Designer software on your PC. It is required and can be ordered free of charge by registered customers here or from our Customer Service. It will be sent by e-mail.

Die kostenlose nVision-i Lizenz dient zum Freischalten des nVision-i Designer Software auf Ihrem PC. Sie ist erforderlich und kann über den Online-Shop oder den Customer Service (Bestandskunde) kostenfrei bestellt werden. Der Versand erfolgt über Mail.

The free nVision-i license is used to unlock the nVision-I Designer software on your computer. It is required and can be ordered free of charge via the online shop or via our customer service (for existing customers). The license will be sent via Mail.

La licence gratuite nVision-i sert à déverrouiller le logiciel nVision-i Designer sur votre PC. Il est obligatoire et peut être commandé gratuitement dans la boutique en ligne ou auprès du service clientèle (client existant). La licence sera envoyée par l'émail.

Technical data (typ.)	
Model	Software
To be used for	CS 60 Vision Sensors
Note	The nVision-i license is used to license the parameterization software on your computer. With the USB stick that is included with the device, you receive quick instructions (installation of nVision-i) and the nVision-i Installer (software package). You can also find these in the download area for the product on our homepage www.di-soric.com.
